**OPTIONAL CALLING PLAN
OF
PINNACLE COMMUNICATIONS
(hereinafter "Pinnacle")**

1.1 OPTIONAL CALLING PLAN

1.1.1 General

The Optional Calling Plan is furnished under the guidelines contained in this Tariff. This Plan shall be known as the "OCP Simple Plan."

- A. The Optional Calling Plan is an optional plan for one-way originating dial station-to-station intrastate IntraLATA messages offered to residential and business local exchange customers. For all other classes of messages other than dial station-to-station, the appropriate calling rates and charges as specified in the Long Distance Message Telecommunications Service Tariffs apply. Dial station-to-station service is that service where the person originating the call from other than a public (coin and coinless) or semi-public telephone dials the telephone number desired and the call is completed without the assistance of a telephone company operator and the call is not billed to a number other than the originating telephone number except: When an operator records the originating telephone number where no automatic recording equipment is available; when an operator reaches the called telephone number where service components are not available for dial completion; when an operator places a call for a calling party who identifies himself as being handicapped and unable to dial the call because of his handicap; and when an operator re-establishes a call which has been interrupted after the called number has been reached.
- B. The Optional Calling Plan will be provided subject to equipment availability.
- C. This plan is not offered with Public (Coin and Coinless) Semi-Public, Foreign Exchange, Foreign Zone Service and Foreign Serving Office.
- D. This plan is available to hotel/motel customers, interexchange carriers, resellers, or cellular carriers for administrative use only. Interexchange carrier denotes any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged for hire in intrastate/interstate communication by wire or radio between two or more exchanges. A reseller is a customer that subscribes to communications services or facilities by one entity and reoffers communication services to its customers patrons for payment.
- E. This plan may not be used with any service that is shared or resold.

(AT) C. This plan is limited to customers that were subscribers to this plan on or before May 24, 2002 and have maintained this plan without interruption thereafter. This plan is not available to customers requesting to subscribe after May 24, 2002. Further, all existing subscribers to this plan may not re-subscribe to the plan after May 24, 2002 if the customer's subscription is interrupted for any reason. The purpose of the limitation is to "grandfather" existing subscribers to plan and to eliminate plan by attrition.

1.1.7 Rate for Detailed Billing for Pinnacle Optional Calling Plans

The monthly rate for detailed billing of intraLATA toll calls in Pinnacle's optional calling plan is \$2.00 per month. Once a customer orders detailed billing from Pinnacle, the \$2.00 per month charge continues to apply until either the customer discontinues the optional calling plan or the customer terminates detailed billing by notifying Pinnacle of the requested change.

1.1.8 Rural Saver Optional Calling Plan

A. GENERAL

- (CT) 1. This residential optional calling plan provides for one-way originating intraLATA calling to a customer's county seat and other points which do not exceed 41 rate miles. The customer receives four (4) hours of calling. Each minute in excess of the four (4) hours is rated at the applicable intraLATA toll or other optional calling plan rate to which the customer subscribes.
- (CT) 2. The Rural Saver Plan is limited to 240 minutes of calling per month.
- 3. Calling to a county seat greater than 41 miles away shall be limited to only those customers residing in that county.
- 4. Usage shall be rated in the same or smaller increments than was used for rating optional calling plans on April 20, 2001.
- 5. The calling distance shall be measured using the industry standard of V and H coordinates of the rate centers serving the originating customer and the called telephone number.
- 6. Customers shall be required to dial 1+ 10 digits.
- 7. Customers subscribing to the plan may select, if available, additional optional calling plans.
